

Help

It's your turn to make OpenRat better.

Translation

OpenRat has support for the languages german, englisch, french, spain, russion an italian.

The translation is partly done by automation tools and so not perfect. Any tipps are welcome every time.

If you speak other languages, you may [download](#) a language file, translate it and [send it back to me](#).

Dynamic elements

With PHP-language you may create yourself [dynamic elements](#).

Test it

Of course you may help by installing OpenRat, use it and post your opinions about it - Via [E-Mail](#), [Bugtracker](#) or [Support-Forum](#).
