

MySQL-Server has gone away

After Upload of an big file the error message says MySQL-Server has gone away

The SQL-Statement is too big. Increase the value for `=max_allowed_packet` in your `my.cnf`.
The default value is 1M.

Example:

```
set-variable      = max_allowed_packet=32M
```

What is the first login password

For first Login use the username *admin* and the password *admin*. You have to change this immediatly.
